Trudi Witkowski, Minnesota Department of Health

FROM: Jim Thares, City Clerk/Administrator for City of Avon

RE: Avon's Wellhead Protection Program

The City of Avon is notifying neighboring and overlying units of government of its intent to develop a wellhead protection plan. The goal of the plan is to prevent human-caused contaminants from entering our water supply wells and to protect all who use our water supply from adverse health effects associated with groundwater contamination. This notice is required by the Minnesota Wellhead Protection Rule, part 4720.5300, subpart 3. The Part 1 phase of the Plan is completed as of February 22, 2013. The remaining Plan work, Part II, will be completed over the next 18 months. Public informational meetings will be held as needed. Pertinent information is shown below.

In accordance with the wellhead protection rule, the following information must be included in this notice:

1. Wellhead Protection Manager: Jim Thares, City Clerk/Administrator, City of Avon
2. Unique Well Numbers: 696861 (Well No. 4) & 696862 (Well No. 5)
3. Date Wellhead Protection Plan Must Be Completed: August 2014
4. General Project Work Plan: Part I is complete; Part II work plan - TBD (To Be Determined)
5. Missing Data Elements Needed for Wellhead Protection Plan: NA

If you have any questions or concerns, please feel free to discuss with us or provide any relevant information to us regarding our Part II efforts such as 1) Any existing water and related land resource plans and official controls; and 2) a description of conflicts, problems, or opportunities that you want examined and addressed in our wellhead protection plan.

Thank you for your assistance in our wellhead protection efforts.
