Contribution submitted for News from Avon Township – October 17, 2018

A resident in Avon Township is starting to cause quite a commotion.

He, or perhaps she, is not your typical resident. Not unless you consider an eight-foot tall, black, hairy, ape-like creature, to be “typical.”

If you haven’t already guessed – Sasquatch, also called Bigfoot – is on the loose in Avon Township.

Although Sasquatch normally lives in the Pacific Northwest, there have been countless sightings of this beast along County Road 9, north of Avon.

Sasquatch has been traveling around the Township quite a bit. He has been sighted from just outside of Avon north to St. Anna. Sasquatch likes to relax about a week in each location before moving on to a new home.

Venison appears to be his preferred dinner. Several residents have observed Sasquatch stalking a deer with a spear in hand.

Other residents have reported that Sasquatch helps with chores. Not far from the Avon Township Hall he was seen pulling a hayrack.

Though having a beast such as Sasquatch roaming the Township sounds rather scary, there’s no need to worry. He, like other wooden cutouts, is perfectly harmless.

The next time that you drive along County Road 9 north of Avon, be on the lookout for Sasquatch. He’s sure to bring a smile to your face and brighten your day.

I’m hoping that Sasquatch, like other Township residents, comes to the Township Hall on November 6th, from 7:00 AM to 8 PM, to vote in the General Election.

If he does, we can look him up in the new ePoll books we will be using. In fact, we will have three ePoll book stations set up to check-in voters. We don’t want Sasquatch or any of our residents to have to wait too long to vote.

I wonder what our new residents' name is? Avonquatch? No matter. If he's not registered, we can do a same-day registration just like we can for the shorter and less hairy residents of the Township.

I hope to see you at the polls. On your way to vote, be sure to say hi to "Avonquatch."
