#### **4.6 Board of Adjustment and Appeals**

**4.6.1 Establishment of the Board of Adjustment and Appeals.** The Town Board shall act as the Board of Adjustment and Appeals "Board of Adjustment".

##### **4.6.2 Powers and Duties.**

- (a) To hear and decide appeals where it is alleged that there is an error in any order, requirement decision or determination made by an administrative officer in the enforcement of this Ordinance.
  - 1. Actions of the Planning Commission and the Town Board shall not be appealable to the Board of Adjustment.

  - 4. The filing fee established by the Town Board shall be paid to the Zoning Administrator at the time of filing the notice of appeal.
- (b) To hear requests for variances from the literal provisions of this Ordinance in instances where their strict enforcement would cause undue hardship because of circumstances unique to the individual property under consideration.

- 4.6.3 Application.** Application for variance shall be made to the Board of Adjustment on forms provided by the Zoning Administrator by filing such application and paying the filing fee to the Zoning Administrator. The Zoning Administrator shall fix a reasonable time for the hearing on the application and give notice thereof as required by law.
- 4.6.4 Other Powers.** The Board of Adjustment shall have such other powers and duties as are assigned to it by law.
- 4.6.5 Findings of Fact.** Separate written findings of fact shall be made by the Board of Adjustment for each variance granted or denied and for each appellate decision made.

#### **4.7 Variances**

**4.7.1 Criteria for Granting Variances.** The following criteria shall be used when considering a variance application:

- (a) The variance shall not allow a use that is prohibited in the zoning district in which the subject property is located.
- (b) The variance must be in harmony with the general purpose and intent of this Ordinance.
- (c) The terms of the variance must be consistent with the comprehensive plan.
- (d) The landowner must show that the variance is necessary to alleviate practical difficulties or particular hardship resulting from strict application of the ordinance.

“Hardship” as used in connection with the granting of a variance means:

- 1. The property in question cannot be put to a reasonable use if used under the conditions allowed by this Ordinance;
- 2. The plight of the landowner is due to circumstances unique to the property, not created by the landowner or a previous landowner;
- 3. The variance, if granted, will not alter the essential character of the locality.

If the variance request meets all of the conditions cited above, the variance may be granted. Economic considerations alone shall not constitute a hardship if a reasonable use for the property exists under the terms of this Ordinance. Access to direct sunlight in the case of solar energy systems shall constitute grounds for granting a variance.

#### **4.7.2 Procedure.**

- (a) The person applying for a variance shall fill out and submit to the Zoning Administrator a variance application which shall include a statement of the difficulties or particular hardships claimed, along with the filing fee.
- (b) The Zoning Administrator shall refer the application along with all related information to the Planning Commission which shall act in an advisory role to the Board of Adjustment.
- (c) The Planning Commission shall hold a public hearing on the request for variance. Notice of the time, place and purpose of the public hearing shall

be according to *Minnesota Statutes, section 462.354 Subd. 2; or successor statute.*

- (d) The applicant(s) or their representative shall appear before the Planning Commission at the public hearing in order to present evidence concerning the proposed variance.
- (e) The Planning Commission may recommend the imposing of conditions on the granting of variances to insure compliance and to protect adjacent properties and the public interest. The Board of Adjustment may place additional conditions upon the issuance of a variance.
- (f) The Planning Commission shall make a finding of facts and recommend to the Town Board (acting as the Board of Adjustment) such actions or conditions relating to the request. Such findings shall be entered in and made a part of the written record of the Board of Adjustment.
- (g) Upon receiving the report and recommendation of the Planning Commission, the Town Board, acting as the Board of Adjustment, shall place the request on the agenda for the next regular meeting.
- (h) Upon receiving the report and recommendation of the Planning Commission, the Town Board acting as the Board of Adjustment shall either:
  - 1. Approve or deny the request as recommended by the Planning Commission; and
  - 2. Concur or not concur with the Planning Commission with regard to modifications, alterations or conditions that differ from those recommended by the Planning Commission. Such modifications, alterations or conditions that differ from the Planning Commission shall be in writing and made part of the Town Board's records; or
  - 3. Refer the recommendation back to the Planning Commission for further consideration. This procedure shall be followed only one time for each variance request. If the request is referred back to the Planning Commission, the applicant shall be notified of the extension of time line for action on the request.
- (i) Approval of any variance or appeal shall require passage by a two-thirds (2/3) vote of the full Town Board. The Zoning Administrator or Town Clerk shall give the applicant written notice of the Town Board's action. The written notice shall include the findings of fact.
- (j) Decisions of the Planning Commission shall be advisory to the Town Board. The decisions of the Town Board acting as the Board of Adjustment shall be subject to judicial review.
- (k) No resubmission of a variance application shall be allowed for six (6) months without new evidence related to the variance.
- (l) Granted variances become void if the applicant does not proceed substantially on the work within six (6) months. To proceed substantially means to make visible improvement to the property. One or more extensions of not more than six (6) months each may be granted by the Board of Adjustment for good cause.

- (m) An application for variance will not be accepted from anyone who is not an owner of land for which the application is made.
- (n) A certified copy of all variances that are granted by the Town Board shall be filed at the office of the Stearns County Recorder.

#### **4.8 Conditional Use Permits**

**4.8.1 Criteria for Granting Conditional Use Permits.** In granting a conditional use permit, the Planning Commission and Town Board shall consider the effect of the proposed use upon the health, safety, morals, and general welfare of occupants of surrounding lands and water bodies. Among other things, the Planning Commission and Town Board shall make the following findings where applicable:

- (a) The use will not create an excessive burden on existing parks, schools, streets and other public facilities and utilities which serve or are proposed to serve the area.
- (b) The use will be sufficiently compatible or separated by distance or screening from adjacent agriculturally or residentially zoned or used land so that existing property will not be depreciated in value and there will be no deterrence to development of vacant land.
- (c) The structure and site shall have an appearance that will not have an adverse effect upon adjacent properties.
- (d) The use in the opinion of the Planning Commission and Town Board is reasonably related to the existing land use.
- (e) The use is consistent with the purpose of the Zoning Ordinance and the purposes of the zoning district in which the applicant intends to locate the proposed use.
- (f) The use is not in conflict with the Land Use Plan of the Township and County.
- (g) The use will not cause traffic hazards or congestion.

**4.8.2 Conditions of Approval.** In permitting a new conditional use or the amendment of an existing conditional use, the Planning Commission and Town Board may impose, in addition to these standards and requirements specified by this Ordinance, additional conditions which the Planning Commission and Town Board consider necessary to protect the best interest of the surrounding area or the community as a whole. These conditions may include, but are not limited to, the following:

- (a) Increasing the required lot size or yard dimension;
- (b) Limiting the height, size or location of buildings;

- (g) Requiring diking, fencing, screening landscaping or other facilities to protect adjacent or nearby property; and

- (h) Designation of open space.
- (i) Annual review if deemed appropriate by the Town Board.

Any change involving structural alterations, enlargement, intensification of use, or similar change not specifically permitted by the conditional use permit issued, shall require an amended conditional use permit and all procedures shall apply as if a new conditional use permit was being considered. The Zoning Administrator shall maintain a record of all conditional use permits issued including information on the use, location, and conditions imposed by the Planning Commission and Town Board, time limits, review dates, and such other information as may be appropriate.

#### 4.8.3 Procedure.

- (a) An application for a conditional use permit will not be accepted from anyone who is not an owner of land for which the application is made.

- (g) A conditional use permit application to amend an existing conditional use permit shall be administered in the same manner to that required for a new conditional use permit.
- (h) No application for a conditional use permit shall be resubmitted for a period of six (6) months from the date of any order of denial.
- (i) Granted conditional use permits shall become void if applicant does not proceed substantially on the work within six (6) months. To proceed substantially means to make visible improvements to the property. One or more extensions for not more than six (6) months each may be granted by the Town Board for good cause.
- (j) A violation of any condition set forth in a conditional use permit shall be a violation of both the permit and this Ordinance. Failure to correct a violation within thirty(30) days of written notice from the Zoning

Administrator shall be grounds to revoke a conditional use permit through the following procedure:

- (1) The Zoning Administrator shall give written notice to the permit holder, advising that the conditional use permit may be revoked upon the conclusion of a public hearing. The written notice shall also contain the nature of the violation and the facts that support the conclusions that a violation exists.
  - (2) The Town Board shall hold a public hearing in the same manner to that required for a new conditional use permit.
  - (3) Within 30 days of the closing of the public hearing the Town Board shall revoke the conditional use permit, make a finding that a violation does not exist, or modify the conditions of the conditional use permit so that a violation no longer exists.
  - (4) The Zoning Administrator shall give written notice of the Town Board's decision to the permit holder.

- (e) The interim use will be a subject to review by the Town upon change of ownership.

**4.9.2 Termination.** An interim use permit shall terminate upon the occurrence of any of the following events, whichever comes first:

- (a) The date or event stated in the permit; or
- (b) A violation of the conditions under which the permit was issued; or
- (c) The use has been discontinued for a minimum of one (1) year.

If it is believed that an interim use has terminated, the Planning Commission and Town Board shall take action to revoke the permit, including notification to the property owner of the Town's intent to revoke the permit.

**4.9.3 Conditions of Approval.** In permitting a new interim use or the amendment of an existing use, the Planning Commission or Town Board may impose, in addition to these standards and requirements expressly specified by this Ordinance, additional conditions which the Planning Commission or Town Board consider necessary to protect the best interest of the surrounding area or the community as a whole. - (h) Designation of open space, and
- (i) Annual review if deemed appropriate by the Town Board.

Any change involving structural alterations, enlargement, intensification of use, or similar change not specifically permitted by the interim use permit issued, shall require an amended interim use permit and all procedures shall apply as if a new interim use permit was being issued. The Zoning Administrator shall maintain a record of all interim use permits issued including information on the use, location, and conditions imposed by the Planning Commission or Town Board, time limits, review dates, and such other information as may be appropriate.

**4.9.4 Procedure.**

##### **5.1.1 Nonconforming Uses**

###### **Nonconforming Use Standards for all Districts**

  - (3) Normal maintenance, including non-structural maintenance and repair, except structural alteration of a nonconforming structure, is permitted. However, a nonconforming structure which is destroyed by fire or other peril to the extent of 50 percent of its market value, shall not be restored, repaired or replaced, except in conformity with the provisions of this Ordinance.
