

Township Road Inspection Report

April 18, 2009

Upper Spunk Lake Road

- culvert draining into Upper Spunk plugged this spring; needs brushed cleared from around entrance
- remove brush along shoulder on right side of road in several places
- corner near Spunk Tree needs brushing
- brushing near FN 17543, mostly by corner/curve
- edge of road near FN 17971 broken up
- culvert across road near lake access backed up this spring; the end is crushed & bent likely from four-wheelers or snowmobiles. Suggested to cut end with a torch to open it back up

Knapp Addition

- road broken-up on top of ridge near cul-de-sac; approximately 520 feet; near FN 32602 – 32546.

Narnia Lane

- road broken-up where it becomes gravel (private drive); will need to determine location where road ends; may require a ditch and culvert; if road is taken over, a cul-de-sac at end is needed

Noble Oak Circle

- drain issues this spring, OK now

331st

- John Merdan will handle brushing along this road and near cul-de-sac of 154th. It was recommended to cut smaller trees and whatever is left we can hire a tree service.

Norway Road

- Dean will brush corner just east of Meadow View

Peach Dr.

- will ultimately need lots of work (culverts, ditches, brushing)

Tower Road

- some larger trees on corner should be removed, will likely require a tree service. Take out tree near Gondringer farm

Red Maple

- no problems, except curb at end, but so far hasn't been a problem for plows

185th

- Brush to be removed (Nelson).

St. Anna Drive

- brush to be removed near intersection with 187th

- brush along road, near FN 18897

Two Rivers Road

- area where road dropping needs patch (Merdan will fix)
- Street sign missing at Sunnyfield Circle
- need patch by stop sign at Two Rivers Rd and Sunnyfield Circle

190th Ave

- brush cutting; near FN 18703, 18165

175th

- brush cut near corner and lots of areas

Queen's

- brushing near intersection with Co Rd 9
- fill-in gullies near cul-de-sac to prevent washouts from getting larger

160th & Cty 52

- near intersection bush needs to be cut

365th

- brush to be cut

370th

- gully forming at intersection with Co Rd 3; will washout, put in black dirt and reseed

360th & Co Rd 155

- needs a new culvert across the road; build up the road; put out for bid/quote

355th

- may need some work in a few years, it is taking quite a beating. Note – several roads in marginal shape which means no need to do them now, but in a few years many may come due to fix at the same time. Call Carly to see what plans are for this road

140th

- hole by culvert and on corner, fill and add patch (LeRoy)

Parkwood Circle

- approx. 100 foot area where road broken up; will need to dig it out and overlay.
- cul-de-sac by Parkwood & Plum Hill is breaking up, but can wait
- brush and vines on corners need to be removed

Lower Spunk Lake

- plowing issues at end of road; no good turn around for plow; road breaking up in places

Koppy Lane

- some breaking up of road
